

Technical data sheet

AdvancedGel UC

Universal Coil Cleaner

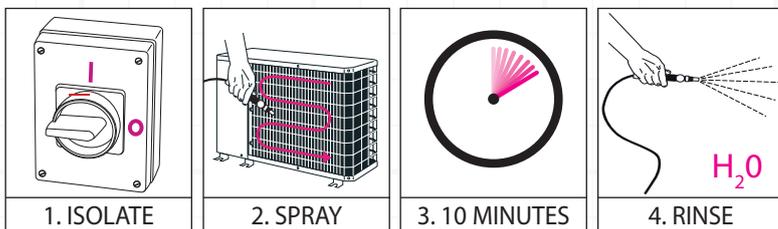

SPECIAL FEATURES

Powerful & effective cleaning against common dirt, including dust, lint & grease

Biodegradable and environmentally friendly

Improves energy efficiency of unit

DIRECTIONS OF USE

Each Universal Coil Cleaner Gel pouch is designed to make 8L of usable product. The easiest way to do this is to pour the entire gel pouch into the bottom of our HydroSprayer and then fill with water up to the 8L mark. Alternatively, the product can be mixed in smaller volumes, using 1 part product to 15 parts water. Once the water is added, the product will be ready to use in 5 minutes.

To start using the Universal Coil Cleaner Gel for evaporator or condenser cleaning, turn off the unit and isolate the electrics. Apply the diluted Advanced Universal Cleaner Gel, with a low pressure sprayer, set on a coarse spray pattern, working from the top, across and down. Ensure the coil is soaked and then allow the product to work for 10 minutes. After 10 minutes, thoroughly rinse the coil with fresh water.

Diluted Advanced Universal Cleaner Gel is safe to use on units which have a condensate pump fitted.

Store upright in a cool, dry place.

Disposal

Product: Incineration on land

Container: Clean with water. Dispose of as normal industrial waste. Do not reuse empty container.

AdvancedGel UC is an effective detergent-based cleaner for air conditioning coils. Its mild formulation makes it perfect for use in almost any maintenance scenario, either indoors or outdoors. **AdvancedGel UC** is an environmentally friendly coil cleaner - it contains no acids, no phosphates, no harmful solvents, no Sodium Hydroxide and no Potassium Hydroxide. What's more, its surfactants are almost totally biodegradable.

PRODUCT SPECIFICATION

Name	AdvancedGel UC
Product Code	S010459GB
Packing Quantity	5 x 490ml
Packing Size (L x H x D cm)	22cm x 25cm x 12cm
Shipping Weight (kg)	3.48kg
Shipping Volume (m ³)	0.01m ³
Soils	Dirt and grease deposits

AdvancedGel UC Universal Coil Cleaner Gel

Danger UN3264

Contains ORTHOPHOSPHORIC ACID

H314: Causes severe skin burns and eye damage. P260: Do not breathe spray. P280: Wear protective clothing, eye protection, face protection. P301+P330+P331: IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. P303+P361+P353: IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water or shower. P304+P340: IF INHALED: Remove person to fresh air and keep comfortable for breathing. P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

SUITABLE FOR ALL TYPES OF EVAPORATOR AND CONDENSER UNITS

TDS Subject to change, document valid for 12 months from the following date, Last correct on: 10/02/20 - REV1.0

This product should only be used by trained operatives. The "directions for use" are recommendations only; correct use will depend upon circumstances. To the extent permitted, no liability can be accepted for loss resulting from its use. Advanced Engineering follows a policy of continual product improvement.
